ADDITIONAL INFORMATION

Employment/ Professional Itinerary Description

After earning my Bachelor’s Degree in Economics, at the end of July 2008, I was employed as an economist, in September of 2008, on a fixed term contract by the Romanian Academy („Gh. Zane” Institute of Economics and Social Studies in Iași). Starting with the 1st of February 2009 I was fully employed as a scientific research assistant by the Romanian Academy – „Gh. Zane” Institute of Economics and Social Studies in Iași.

I earned my Ph.D. in 2017 in Economics after an 8-year fellowship at the Romanian Academy in Bucharest, focusing on an interdisciplinary approach (history, sociology, psychology, law, econometrics) as a solution for improving the quality of research undertaken on the Agrarian Reform of 1921 in Romania. The title of my PhD thesis was “*The Rural Economy of the County of Iași after the Agrarian Reform of 1921. Trends and Relevant Distinctive Features*”.

As of December 18th, 2019, I have been appointed as an Established Researcher (R3)/ Research Scientist at the “Gh. Zane” Institute of Economics and Social Studies (*The Romanian Academy – Iași Branch*), in the Rural Economics Department. Currently I am working on the “Programme 11 – The Development of Rural Areas (Project no. 11.1 – The History of Agricultural Economics and Rural Development, Monographies and Dictionaries”)
